Depressed Classes Mission, Mangalore
Court Hill Higher Elementary School - Vocational Section - Transfer to a new building - Utilisation of the Labour grant.

In their Order No, 1716 L., Ms., dated 6-7-31, the Government accorded standing sanction to the payment of a grant not exceeding Rs.1000/- annually to the Depressed Classes Mission, Mangalore towards the cost of maintaining the Carpentry Workshop attached to the Court Hill School. In the year 1934-35, both the Carpentry Workshop and the apprentice section attached to it ceased to work. However, Carpentry was allowed to be taught as a vocational subject. The Management also proposed to introduce weaving in addition as a vocational subject. The Government agreed and permitted the Management to utilise the grant for carpentry or weaving or both at its discretion on condition that no additional grant was asked for on this account - vide G.O.No.Ms. L., 1034, dated 29-4-35. Later on, the Management proposed to open a tailoring class and defray the expenses involved from the annual grant of Rs.1000/-. The Government approved this proposal also subject to similar condition referred to above - vide G.O.No.Ms.672, Dev., dated 16-3-38. Spinning class was also opened in the vocational section - vide G.O. No.Ms.345 Dev., dated 8-2-39.

2. The Management now proposes to shift the carpentry and weaving sections to Narasingarao Lakshmi Devi Buildings newly

newly constructed at Kadiri retaining spinning, tailoring and fretwork in the Court Hill Higher Elementary School buildings in order to give intensive training to select boys of the Court Hill Higher Elementary School who are unfit for High school education. The Management, therefore, requests permission to utilise the annual grant from the Labour Department for the vocational sections to be conducted in the new buildings - vide copies of letters dated 1-12-40 and 18-1-41 of the Depressed Classes Mission enclosed. The Collector recommends the diversion of the grant applied for subject to the condition that the Management does not, later on, apply for any extra grant. I agree with the Collector and request that the Government may be pleased to issue orders accordingly.

3. It is seen from the letter of the Mission dated 18-1-41 that this institution is in receipt of grant from the Educational Department also. I am consulting the Director of Public Instruction, Madras in the matter with reference to para. 3 of G.O.No.Ms. 2009, Dev., dated 26-8-40 and on receipt of his reply, I shall examine and submit a report on the desirability or otherwise as to the transfer of the grant given by the Educational Department to the budget of the Labour Department.

I have the honour to be,

Sir,

Your most obedient servant,

for Commissioner of Labour.

PB 26/2/41

Copy of D.O. dated 1-12-40 from the Hon. Secy., the Depressed Classes Mission, to the Commissioner of Labour, Madras.

According to the new syllabus of the Higher Elementary Schools, pre-vocational subjects get only 6 periods of 40 minutes each a week for a class. That means our Carpentry and Weaving instructors will have only 6 hours of work each per week or an hour a day. They are full-time instructors and have to be given work. Pupils should get more time to practise the vocational subjects. So we have decided to shift the Industrial section to Kadri and house it in the new building for which you gave us grant. To satisfy the syllabus in the H.E. School, we have retained tailoring, spinning and fretwork there as pre-vocational subjects. We can give intensive training to select boys in carpentry and weaving . They may not be fit for higher studies in the High School and College. Permission may kindly be given to utilise the manual training grant of Rs.1000 for the Industrial or Vocational Section in Kadri, from 1st of December 1940

Copy of letter ~~Ev.No.6552/40~~ dated 18-1-41 from the Depressed Classes Mission, Mangalore, to the Collector of South Kanara, Mangalore.

We may be kindly permitted to retain spinning, tailoring and fretwork in the Court Hill Higher Ely. School Buildings as the prevocational section for which the Educational Department may give a separate grant amounting to about Rs.150/- per annum and to take the Carpentry and weaving sections to Narsingrao Lakshmi Devi Buildings opened by you at Kadri to give intensive training to select boys of the Court Hill Hr. Ely. School who are unfit for High School education. It may be called the Vocational Section and the grant of Rs.1000/- which the Government is pleased to give to be diverted to maintain the same. The prevocational section helps to create interest in the boys for industrial work, but it does not qualify them for any vocation as the time spent is very little. The Vocational section is different. The prevocational section

section gives only 6 periods of 40 minutes each per week and gives work to the Instructors only at the rate of an hour per day. They have to be given at least 5 hours per day as they are full-time teachers. It can be done only through a full-time vocational section which will give intensive training to the boys and enable them to follow a vocation to earn their livelihood. The grant that Government gives will be more helpful to the Depressed Class boys if such an arrangement is made and definite number of boys are trained every year for vocation. The problem of unemployment also will be solved to a great extent. We humbly request you to recommend the change and enable us to conduct the Carpentry and weaving section in the new building and utilise the grant of Rs.1000/- for recurring expenses.

The SM Mission apparently hopes to get a separate grant amounting to about Rs. 150 p.a. for the pre-vocational classes retained in the Ely. School The Collector and the Commissioner of Labour do not contemplate ~~the~~ grant of any additional grant. It is presumed that the grant for pre-vocational classes will be refused if applied for. This Deptt. may suggest that the words indicated in pencil may be added to the draft order. Subject to this remark the draft order may be accepted.
